

METAL MAKERS WITH ARMS CONFERENCE

New York, Nov. 18.—Emphatic assurance that the iron and steel manufacturers of the United States are sincerely opposed to the arms conference in Geneva, was given by Charles M. Schwab in an address tonight at a dinner of the American Iron and Steel Institute in honor of Marshal Foch.

After saying much in praise of the marshal and telling him that in the language of the greatest of poets, he had been "grasped to our souls with hopes of steel," Mr. Schwab, who is head of the Bethlehem Steel Corporation, said: "I would like to take advantage of this occasion to say something which has long been upon my heart, and which at this significant moment, it is clearly my duty to say. It was stated at some of the sessions of the recent league of nations meeting in Geneva, it has often been carefully suggested in the press, that the cause of war is in great measure due to the arms conference. I can assure you, speak only for myself, but I believe I know and express the sentiments of others placed in similar positions to mine when I say this:

Mrs. WILLIMAN TESTIFIES

Declares Lydia E. Pinkham's Vegetable Compound to Be the Best Medicine for Girls and Women

Hamilton, Ohio.—"I had such awful pains in my back I could hardly stand on my feet. I was never without a headache. If I walked up town I thought I would drop and many a time I felt so bad I had to go to bed and I was not able to do much of my housework. I would have hemorrhages every two weeks and dragging-down pains. I had been feeling badly for three years and had two of the best doctors in the city, but I kept getting worse and only weighed 125 pounds. I saw your advertisement and I took eight boxes of Lydia E. Pinkham's Vegetable Compound Tablets, four bottles of Lydia E. Pinkham's Blood Medicine and your Liver Pills and noticed an improvement right away. Now I weigh 168 pounds and feel fine. Everybody tells me how well I look and asks me what I took and I always say, 'Lydia E. Pinkham's Vegetable Compound, the best medicine in the world for any sickness to which girls and women are subject.' I will always have a good word for your medicine."

—Mrs. JOSEPH WILLIMAN, 722 South 9th Street, Hamilton, Ohio.

GOSHEN

People here celebrated Armistice day by unfurling the flag to the breeze and taking a half holiday, attending the celebration in Norwich in the afternoon. Reverence for the emblem of the country was noted when it went by. It was "Hats off, boys!" many times during the day of the third anniversary.

Rev. Miss Lydia Hartig gave a very interesting report of the conference of the Congregational churches at New London recently held in New London.

At the Community club meeting Wednesday evening a social time was enjoyed. Rolls, hot dogs, with coffee, were served.

The first snowfall of the season came early Monday morning. The beautiful snow came to the trees and shrubs and it seemed like real winter during the early hours. By midday, like the Arab, it had all quickly disappeared.

Norfolk.—The Norfolk Girls' club attended a copious party given by the Waterbury Girls' club in Waterbury Friday evening.
